## From the Principal's Desk

This coming month can be challenging and stressful as we prepare for the final exams. While both the students and teachers are neck deep into studies and corrections respectively, we must make efficient strategies to overcome the challenges. Time management is the key to success for all. While the elderly can prioritise their work, the students can also start by creating a realistic and detailed study schedule. A well-organized schedule is always helpful to stay focused and cover all the necessary material. The teachers are always there for you, so please don't hesitate to reach out to them. Peer learning is another option at times like these. Join study groups or partner with peers to review and discuss course materials. Please ensure that the group makes the most of the interaction in terms of academics and avoid other discussions when you are studying. Sometimes we gain a lot while explaining concepts to others, as this reinforces our understanding, and our peers may offer valuable insights that you might have missed. Regular breaks prevent burnout. Taking care of your physical and mental well-being is crucial during exam preparation. Mindfulness techniques that are regularly practised at school should be practised at home as well. This will manage stress if any. If you are putting in the effort you will surely master the material, visualise success, and focus on the progress you're making rather than dwelling on challenges. Remember, the key is not just to study hard but to study smart. Make the most of your time and success will be yours.

All the best for your forthcoming exams!

Gunjan Srivastava

## Big News!

The Republic Day celebration at school ignited a strong sense of patriotism and unity among our students. The esteemed Chief Guest for the morning, Group Captain T K Bhatara unfurled the national flag. Group Captain Bhatara owns an NGO named 'Bhatara Rural Development Foundation' with a mission to improve the level of education in villages. The NGO is instrumental in providing electronic devices, books, stationery to underprivileged children. The NCC cadets, scouts and guides enthralled the audience with an impressive March Past. The atmosphere of our school was filled with nationalism as students showcased their talents through patriotic dance, song, and poetry, capturing the essence of our nation's pride. The laudable educational performance showcasing 'Nari Shakti' and the reiteration of constitutional duties and rights filled the atmosphere with allegiance.

## Flavours from our orchard

### Vegetables for Life (31st December - 5th January)

Vegetables are an important part of a healthy and balanced diet. They provide us with essential vitamins, minerals, and fibre that are necessary for growth and development. To instil healthy eating habits from an early age, various fun activities were conducted. The students were shown a variety of vegetables of different colours and sizes. They were educated about the benefits of vegetables, followed by sorting vegetables, vegetable printing, and songs based on them. Students were encouraged to eat healthy to be fit.

**Shamim Salim, CT Sr Kindergarten Orange**

Vol. 10.7 January 2024

## Super Natural Wonders (8th January - 12th January)

Have you ever looked up at the sky at night and marvelled at the bright stars or felt the warmth of the shining sun during the day? The pre-primary students were introduced to the topic of 'Heavenly Bodies'. Students learned about the sun, moon, stars, and the planets and their importance. They learned about the different phases of the moon and appreciated the celestial wonders that have captivated us for thousands of years. Students enjoyed craft activities related to the topic.

**Sneha Tank, CT Jr Kindergarten Orange**

## The Splendour Called Water (15th January - 19th January)

Water Week was celebrated with a powerful message to use this important resource judiciously. The little ones were made to understand the use of water through various activities. Students were made aware of the important role it plays in our day-to-day lives and different ways to conserve it. Through visual presentation, they learned that water is a precious resource and hence, should be used wisely.

**Aarti Shrimankar, CT Nursery Apple**

## Exploring the Wonders of Water (22nd January - 26th January)

Water is one of the most essential natural resources of all life on Earth. Students learned about natural and man-made resources of water like rain, rivers, lakes, wells, tube wells, hand pumps, and water towers and how they are interconnected. An interactive session followed by a digital presentation reinforced the concept. Students created raindrops with finger dabbing. They joyfully understood the secret that sustains life around them.

**Samreen Patel, CT Senior Kindergarten Mango**

## Republic Day Celebration (25th January)

The students collaborated to celebrate the 75th Republic Day with cheer and pomp. The event started with the pledge, followed by poems and songs, that lit the spirit of patriotism in young hearts. To celebrate the vast diversity of our country, children were given a glimpse of rich and cultural heritage with emphasis on 'Viksit Bharat' and 'Bharat - Loktantra ki Matruka'. The students took pride and joy in displaying their patriotism through singing and dancing to mark the day.

**Mona Hiwale, CT Sr Kindergarten Peach**

## I Know More, I Grow More

### Self-Awareness Workshop (8th January)

The self-awareness session for Class 5 was an engaging journey conducted by Ms. Ridhima Vidhate. Self concept is the corner stone of personal development, influencing how individuals perceive themselves and interact with each other. The session encouraged us to cultivate a positive sense of self and embrace their unique identities. Through a 'who I am' activity we explored the factors shaping our self concept, including family dynamics, cultural influences and personal experiences. It helped us to think about what makes us special and set goals. We also talked about feelings and understanding each other. The best part was answering questions about ourselves, which made us think a lot. In a short yet impactful workshop, we gained tools for self-discovery and fostered positive connections with our classmates.

**Ira Mutalik, Student 5 Vega**

### Embrace Emotions (8th January)

The students in class 7 participated in an 'Emotional Wellness Workshop' by Connecting NGO. Through introspective discussions and engaging exercises, students were encouraged to recognise, acknowledge and understand their feelings. The workshop encouraged self-reflection, emphasising the need to let go of negativity in order to succeed. Simple activities like interlocking hands highlighted the importance of supportive friendships in achieving goals. This workshop helped students identify and strengthen their emotional well-being, contributing to their overall personal growth.

**Vansh Patodia, Student 7 Sirius**

### Workshop on POCSO (11th - 12th January)

The Muskaan Foundation conducted a crucial workshop on sexual abuse for students of classes 6 - 9. The aim was to raise awareness of this sensitive issue, fostering open communication with parents and teachers. Beginning with a thought-provoking question to dispel hesitation, volunteers utilised activities, anecdotes, and videos to cover various aspects of sexual abuse. Emphasising the importance of knowing when, how, and where to act, the workshop also delved into the details of the POCSO Act. This invaluable session provided students with essential information for both their personal and professional lives, ensuring they are better equipped to navigate this important subject.

**Tulika Deshmukh, Student 7 Sirius**

### Kites - The Harbingers of Happiness (16th January)

Spring brought inspiration and joy when we gathered on the field to fly kites. The light breeze helped us to fly our colourful kites. Some of them rose high, some could not. The activity became a metaphor for life, teaching valuable lessons. They learned the importance of preparation, balancing elements, and facing challenges head-on. Just like kites against the wind, they discovered the need to step out of their comfort zones to reach new heights. The thread connecting the kite to its goal symbolised the support of parents and well-wishers. Overall, the experience emphasised that everyone could strive for their goals regardless of size under the same sky.

**Vaishali Dubey, Student 7 Deneb**

## Group Dance Competition (19th January)

*'There are shortcuts to happiness, and dancing is one of them'* - Vicki Baum

The school corridors came alive with rhythmic beats and mind-blowing performances for the Interhouse Dance Competition. Students of classes 6 to 8 showcased their talent through captivating dances, representing the diverse cultural flavours of Rajasthan, Gujarat, Punjab, and Tamil Nadu. The colourful costumes and synchronised movements transported the audience to the lively festivities of the heartlands of India, fostering a sense of pride and appreciation for the cultural mosaic. (For results refer to 'I Did it')

**Dhyaana Patel, Student 8 Deneb**

## Orbision (20th January)

The Annual Science exhibition aimed to enrich scientific temper and awareness. An impressive array of science projects, spanning the realms of science, commerce, and robotics embracing the theme "From then to now". Students fueled by curiosity and a passion for learning presented innovative models and insightful studies that left a lasting impression on everyone. Projects on ISRO, irrigation, transport, ecosystem, smart city, and changing trends in the education system were marked by creativity and practicality. The diverse projects were a testament to the students' analytical skills and problem-solving prowess. The Commerce students created a sample Bank, highlighting their understanding of banking operations and financial management. These projects emphasised the school's commitment to fostering a culture of inquiry and exploration. The Chief Guest Mr. Neeraj Asati appreciated and motivated the students. The event fostered team spirit and learning.

**Dhyaana Patel, Student 8 Deneb**

## CCADisplay - Drama (23rd January)

Drama is defined as a piece of literature in which the intended purpose is to be performed in front of an audience. Students of class 1 and 2 enacted short stories with a message during the CCA display of drama club. Every child was given an opportunity to grow in speaking skills, teamwork, empathy, and confidence. Students showcased their acting and dialogue delivery skills in front of their peers. The activity involved various plots, characters, conflict, music, and dialogue. It was truly a show of confidence.

**Rajlaxmi Rajmore, CT 2 Rigel**

## Hands-on Experience (19th - 24th January)

Hands-on activities are like magical adventures in the classroom! It's when we get to touch, create, and explore, turning learning into a super fun journey! Class 5 crafted their own complex machine models, unravelling the secrets of simple machines like levers, pulleys, and inclined planes. Class 4 unveiled the power of invisible forces, creating mesmerising effects and bringing science to life before our eyes. Class 3, explored multiplication by Mathematical magic to grasp fundamental concepts, making learning enjoyable and engaging.

**Sri Vishruth Reddy Baspally, Student 5 Deneb**

### Educational Trip (27th January)

The students of class 6 visited the Deccan College - Archeological Museum and imbibed crucial information about ancient Indian History. Walking through the museum provided us with an opportunity to reinforce experiential and contextual learning. We were eager and enthusiastic to see the ancient tools, arms, weapons, artefacts, and sculptures on display. We could relate the exhibits to the information we learned during our History lessons. It was indeed a memorable trip.

**Nidhi Menon, Student 6 Deneb**

## Club of the month

### Heritage Club

To inspire young minds to develop secular and cultural values, contribute to the sustainable growth of our nation, and incorporate heritage education into the learning process, the Heritage Club was set up. The students were enthralled to learn about our legacy from the past. They agreed that it needs to be preserved for the generations to come. Heritage sites of India were discussed by the students. A video on the UNESCO World Heritage Sites was also watched. The concept of Museum Education was enriching as we discovered the purpose of modern museums. This club is beneficial as it reiterates the fact that it's essential to collect, preserve, interpret, and display objects of artistic, cultural, and scientific significance for the study and education of the public.

**Richa Sharma, CT 7 Sirius**

### Disaster Club

The club aims to impart knowledge and make students aware of disasters and their management and mitigation strategies. Its motto is 'Prevention is better than cure'. The students learned how to respond to disasters like cyclones, earthquakes, fire, and pandemics and the measures that can be adopted to minimise loss of life and property. Case studies on cyclone 'Biporjoy', the nuclear disaster of Chernobyl, land subsidence in 'Joshimath', and tunnel collapse in Uttarakhand were covered to explain the struggle of mankind to survive. The club organised a hands-on demonstration of the application of fire extinguishers and lifesaving first aid. Presentations in other clubs were conducted to disseminate knowledge about disasters and their management.

**Deepali Ghai, ST Biology**

### Safety Club

In today's ever-changing world, ensuring a safe and secure environment within educational institutions is of paramount importance. To address this crucial need, our school has established a dynamic and proactive Safety Club. Through workshops, seminars, and awareness campaigns, the club endeavours to educate the students about various safety aspects, including readiness for any kind of emergency, fire safety, cyber safety, emotional safety, and personal security. By equipping individuals with knowledge and skills, the club empowers them to respond effectively to potential threats and hazards both within and outside the school premises. The club initiates awareness campaigns to promote safety-conscious behaviours and practices which involve creating posters, organising interactive sessions, and sharing safety tips. By creating a culture of safety, the club encourages individuals to take personal responsibility for their well-being and the well-being of others.

**Richa Acharya, CT 6 Rigel**

## Special Assemblies

### National Youth Day

National Youth Day was celebrated on 12th January on Swami Vivekananda's birth anniversary, paying tribute to the influential philosopher and spiritual leader. A special assembly was held to honour and uphold the values of Swami Vivekananda. The students started the day by highlighting the importance of the day, demonstrating some important yoga asanas for a healthy body and mind. The young generation was reminded about their responsibility towards society, the nation, and the environment. The students also sang motivating songs to spread the day's significance far and wide.

**Akshaya Abilash, CT9 Sirius**

### National Girl Child Day

Observed on 24th January annually, the day was celebrated with great enthusiasm at our school. A special assembly was conducted to recognise and cherish the significance of the day. An impactful speech emphasised the importance of empowering girls and ensuring their rights and opportunities. We were reminded that every girl deserves love, education, and equal opportunities to fulfil her dreams. It was a wonderful moment to appreciate the strength and potential of girls, promising to support and uplift them in every possible way. The celebration left us inspired to contribute to a world where every girl can thrive and shine.

**Swastik Saxena, Student 4 Rigel**

## Our Green Ways

The Nature Club aims to inculcate an appreciation of nature among students and encourage them to participate in a variety of conservation initiatives. Plastic bottles are the most common type of containers that people choose to store water in. Chemicals present in plastic can be quite hazardous. There are excessive levels of microplastics in bottled water, especially in popular brands. Apart from the harmful effects on your health, plastic bottles are also not good for the environment. Hence, this month the members of the nature club visited various clubs to make everybody aware of the harmful effects of using PET water bottles for drinking water. They educated other club members that most of the plastic waste ends up in landfills and water bodies, which disturbs marine life and causes land pollution. Hence, we should always opt for better, reusable, and more sustainable options like steel flasks, glass bottles, stainless steel bottles, or aluminium bottles.

**Shubhankar Bapat, Student 8 Sirius**

## I did it

### International Hindi Olympiad

The inaugural Hindi Olympiad at The Orbis School, Mundhwa, witnessed impressive linguistic skills from students in grades 1 to 10. Among the 84 participants, 19 earned gold, silver, and bronze medals at the school level, with four outstanding performances from Classes 9 and 10. Notably, Poonam Jhanwar from Class 9 not only secured a gold medal but also excelled at the National level, earning a trophy and certificates. This achievement inspires further linguistic exploration and academic success, showcasing the dedication and potential within the student community. Congratulations to all the participants, with special recognition for Poonam Jhanwar.

### Indoor Archery Competition

Saatvik Kshatriya of Class 8 Sirius participated and won two bronze medals in the District and State Indoor Archery Competition conducted by the Pune Archery Association. This award is a reflection of the excellent work he has put in. Kudos to him!

### Elite Christmas Cup

'GO-PRO' Football Academy organised the Elite Christmas Cup football match. They bestowed a gold medal to Atharva Swami of Class 7 Sirius and his team. The silver medal was won by Shourya Jadhav of Class 8 Deneb and his team. Continue shining bright and achieving more! Congratulations!

### Inter-House Results:

Event/Participating Classes	Inter-House Dance Competition 6-8	Throwball Competition 6 - 12
EXPLORERS	1	4
GUARDIANS	2	1
INNOVATORS	4	1
VANGUARDS	3	3

### Roller Athletics Championship

Naksh Mishra of Class 6 Vega bagged a gold medal in the Roller Athletics Pune District Championship 2023 and a silver medal in the Roller Athletics Maharashtra State Championship 2023. This event was organised by the Roller Athletics Federation (India). Every bit of the effort he put in has led to this moment. Congratulations!

## Impressions and Expressions

### Darkness

When the darkness opens wide,  
Swallowing all the light inside.  
Dappled stars prick the sky,  
the blanket on which the moon lies.  
Why must daylight always dim,  
Is creeping dusk cold and grim?  
Tip the darkness of the night,  
Helping you to see the light inside.

**Anika Desai, Student 6 Vega**

### The Happy Rain

The rain brings beautiful things,  
As the bird melodiously sings.  
As it shows above the lands,  
The children wave their hands.  
They enter the picture from the sea  
And fill our hearts with glee.  
The trees express their delight,  
This helps us express gratification.

Children eagerly wait,  
For the enchanting rainbow rousing.  
We are tiny creatures,  
Who must build happiness with nature?  
The rain creates beautiful memories,  
In little parks with swings.  
It's time to run,  
For the gracing fun  
Because the rain brings beautiful memories!

**Dheepshikha K., Student**

### Actions Speak Louder than Words!

This idiom describes in a nutshell, how it is, the goals we effectuate in our lives, that matter rather than the exaggerated claims we make. It is convenient for people to prattle about fancy things they intend to do. However, few metamorphose their words into deeds. We can talk relentlessly about the values we cherish, but only if we practise them. Are we being true to ourselves and those around us? A spoken word has no meaning till one prolifically acts upon it to garner desired results.

The most cherished quality is that of being true to your word. We often hear people talk with respect about 'men of their tongue', for they indeed are like rare gems. Across the world, there are innumerable examples of politicians who make elaborate and impressive speeches about how they propose to make revolutionary changes but make none and with time are forgotten. However, how many of us will forget those who have stuck to their word and productively worked towards what they asserted? We may often be in awe of those who can charm us with their words. But this awe is short-lived if it is not acted upon by the individual. Thus, the next time we see ourselves making tall or exaggerated claims, I hope there is a little sound within us that keeps echoing, "Actions Speak Louder than Words", and infuses us with the determination to realise it first.

**Oviya Deokar, Student 7 Deneb**

### A Thousand Windows

My world gives me a barred view  
of the grand expense outside.  
My view is further tainted by  
the structures that boost their might.  
But the windows in them grant me just a peak  
to the world that is inside.  
Inside those windows  
live warriors,  
warriors who fought a thousand battles  
Battles with the heart  
Battles with the mind

Battles with the fatal thought  
Battles with nature  
Battles with man  
Battles with a complete stranger  
These wars leave deep wounds  
in the heart and the soul.  
Some heal without effort  
but a thousand become scars  
A thousand windows  
A thousand worlds  
A thousand battles fought  
A thousand wins  
A thousand losses

but it doesn't matter who  
fought and lost  
The incredible gallantry  
summoned by them,  
for all the battles fought ,  
removed the bars around  
them  
and set them free  
and that in itself  
is the greatest victory

**Ayrisa Bindu, Student 11 Deneb**

## Have fun learning French!

Bénéfices de la lecture

Plus vous lisez, plus vous gagnez en visibilité.

La lecture de livres est également vitale pour apprendre de nouvelles langues, car les locuteurs non natifs sont exposés à des mots utilisés dans leur contexte, ce qui améliorera leur propre maîtrise de l'expression orale et écrite. Un roman bien écrit peut vous transporter dans d'autres royaumes, tandis qu'un article captivant vous distraira et vous maintiendra dans le moment présent, laissant les tensions s'évacuer et vous permettant de vous détendre. Dans notre monde fou d'Internet, attention est attirée dans un million de directions différentes à la fois alors que nous effectuons plusieurs tâches à la fois chaque jour. La lecture peut également améliorer votre fonction cognitive et votre agilité mentale. Cela peut améliorer votre vocabulaire, renforcer votre esprit critique et vous aider à développer une mémoire plus forte. Ces avantages peuvent s'étendre au-delà de votre vie de lecteur et avoir également un impact positif sur votre vie professionnelle et personnelle. S'exprimer clairement et bien s'exprimer est d'une grande aide dans n'importe quelle profession et savoir que vous pouvez parler avec confiance en vous peut.

C'est un énorme coup de pouce pour votre estime de soi.

Benefits Of Reading

"The more you read, the more words, you gain exposure"

Being articulate and well-spoken is of great help in any profession and knowing that you can speak with self-confidence can be an enormous boost to your self-esteem. Reading books is also vital for learning new languages, as non-native speakers gain exposure to words used in context, which will ameliorate their speaking and writing fluency. A well-written novel can transport you to other realms, while an engaging article will distract you and keep you in the present moment, letting tensions drain away and allowing you to relax. In our internet-crazed world, attention is drawn in a million different directions at once as we multitask every day. Reading can also improve your cognitive function and mental agility. It can improve your vocabulary, enhance your critical thinking skills, and help you develop a stronger memory. These benefits can extend beyond your reading life and have a positive impact on your professional and personal life as well.

**Richa Thakur, ST French**

## Personality of the month

Dr. P. Indira Devi, ICAR Emeritus Professor at Kerala Agricultural University, was conferred with the title of ISAE Fellow 2023, by the Indian Society of Agricultural Economics during its 83rd Annual Conference held at Odisha University of Agriculture and Technology recently.

The title is in recognition of the outstanding achievements in the field of agricultural economics and rural development. It is awarded by a distinguished panel of agricultural economists. Indian Society of Agricultural Economics is one of the oldest professional societies in India established in 1939.

Dr. Indira Devi also holds the position of Director, at the Kerala State Farmer Welfare Board and was the Director of Research at the KAU.

With more than 33 years of experience in the fields of agricultural research, extension, and teaching, she has successfully completed several research projects with funding from reputed national and international agencies. She has published more than 70 research papers, four academic books, and several research reports.

**Richa Sharma, CT7 Sirius**

Dr. P. Indira Devi

## Virtue Alone Ennobles

Generosity is often regarded as humanity's noblest trait. It embodies the essence of selflessness and kindness. It is the act of giving freely without expecting anything in return, fostering a world where empathy and compassion thrive. The beauty of generosity lies not only in the impact it has on the receiver but also in the transformation it brings to the giver. When we extend our generosity, through a small gesture or a grand donation, we experience a profound sense of fulfillment. Generosity creates a ripple effect where a single act can inspire others to pay it forward, creating a chain reaction of goodwill that spreads far and wide. It is not solely about material things, it's about the willingness to share one's time, attention, wisdom, or resources for the betterment of others. In a world sometimes overshadowed by self-interest, generosity stands as a beacon of hope, reminding us that we can contribute to creating a better world.

**Lydia Fernandes, Academic Counsellor**

## Teachers' Corner

### Executive Parent Teacher's Meeting (6th January)

The fourth E-PTA meeting was conducted to review the accomplishments and milestones achieved during the year. Through an open discussion, the agenda for the day was taken up. Members shared insights for collective growth and success. The Chairperson thanked all the members for their suggestions and input throughout the year.

**Vimmi Qureshi, CT11 Vega**

## Parent-Teacher Meeting (6th - 20th January)

The third PTM was conducted successfully. The teachers discussed the child's academic progress, strengths, and areas needing improvement. Co-scholastic activities, like extracurriculars, were reviewed. The PTM stressed continued collaboration for a balanced educational journey. Notable feedback and suggestions for both the child and regarding the school events were duly noted, to enhance the overall educational experience. Parents were able to resolve the queries they had related to scholastic and co-scholastic achievements. Teachers discussed enrichment and intervention strategies to support the students' learning better.

## I can do it!

Based on your reading about the personality of the month try to answer these interesting questions:

1. Dr. Indira Devi is associated with which University?
2. Name the city in which she is currently residing.
3. Which awards did Dr. Indira Devi get?

### From the Editorial Team:

#### Winter in India

In India's winter embrace, crisp air unfolds,  
Chill whispers through the land, tales untold.  
Misty breaths paint the dawn's silent hue,  
As frost-kissed leaves glisten in the dew  
Mountains draped in blankets of snow,  
Nature's quiet ballet, a tranquil show.  
Sweaters donned, chai's warmth in hand,

Fields adorned with a wintery command.  
Bonfires flicker, stories in the ember's glow,  
Evenings draped in a soft, starlit throw.  
Pongal celebrations, a harvest's cheer,  
Winter in India, a time so dear.  
From Delhi's fog to Mumbai's gentle chill,

A mosaic of seasons, each with its thrill.  
In this winter tale, memories unfold,  
A symphony of warmth in a land of gold.  
**Pranav Chincholkar,**  
**Student 9 Vega**

#### Preliminary-Board Exams

Pre-board exams act as vital checkpoints before final board examinations. They provide students with a realistic preview of the upcoming challenges, assessing their understanding of the syllabus. These exams prompt self-reflection, guiding focused revision, and fostering disciplined study habits.

For educators, these exams offer insights into students' academic strengths and weaknesses, facilitating targeted teaching strategies. The experience not only prepares students for the rigours of board exams but also cultivates valuable skills like time management. In essence, pre-board exams serve as integral stepping stones, ensuring both students and educators are well-equipped for the academic journey ahead.
